TEXT-BOOKS

Approved or Recommended
for use in

Elementary and Secondary
Schools

1959

Issued by Authority of
THE MINISTER OF EDUCATION

This circular contains the list of books approved for use in 1959. In Schedules A and B the books listed are approved for permissive use in Grades 1 to 10 of the several types of schools. These schedules contain the lists of text-books referred to in sections 32 and 34 of Part 4 of the Regulations, General Legislative Grants, (O. Reg. 49/58), which read:

32. The board of a public or separate school shall be paid a grant equal to the amount expended in the preceding year for text-books approved under clause zf of subsection 1 of section 12 of the Act, not exceeding an amount computed by multiplying \$3 by the average daily attendance in kindergarten to grade 10, both inclusive, during the preceding year.

34. The board of a high, continuation or vocational school shall be paid a grant equal to the amount expended in the preceding year for text-books approved under clause zf of subsection 1 of section 12 of the Act, not exceeding an amount computed by multiplying \$3 by the average daily attendance of pupils in grades 9 and 10 during the preceding year, but excluding from the computation the average daily attendance of those pupils whose fees are payable by another board.

(New regulations for General Legislative Grants for 1959 may appear after the publication of this circular, and all persons concerned should therefore refer to the latest regulations for an authoritative statement on text-book grants.)

Schedule C contains the lists of books approved or recommended for use in Grades 11 and 12, and these books are not to be included in claims for reimbursement grants.

Books selected from the approved lists, which are purchased by a Board and included in claims for repayment grants, remain the property of the Board. Where these books are loaned to the pupils every effort should be made to recover them at the end of the school year, so that they may be used again. In all cases the schools should see that proper care is taken of the books, keeping in mind that they belong to the Board and are intended to be used for more than one school year.

The lists of texts approved for permissive use will be enlarged from time to time as suitable books appear. Wherever possible, books of Canadian origin and manufacture will be chosen for these lists. Local Coordinating Committees are again invited to submit, through the office of the Superintendent of Curriculum, Department of Education, suggestions for books to appear on supplementary lists later in the year. If a Coordinating Committee desires to use a text-book which does not appear on the approved list, application may be made to the Minister to have it considered for approved listing.

TEXT-BOOKS

SCHEDULE A

Books Approved for Permissive Use

Pupils will not be required to buy these books. School Boards will be required to provide readers and other text-books selected from these approved lists in numbers sufficient for the use of the pupils. Boards should make their selections after consultation with teachers, principals and inspectors concerned. In 1959 Boards will be reimbursed for amounts expended in 1958 for text-books listed in Schedule A, permissive use of which has been approved, up to a maximum of \$3.00 per pupil of average daily attendance in 1958 in Kindergarten to Grade 8. In 1960 Boards will be reimbursed for amounts expended in 1959 for text-books listed in this Schedule A up to a maximum of \$3.00 per pupil in average daily attendance in 1958 in Kindergarten to Grade 8.

Books which are marked with an asterisk in these lists are approved for use in the year for which this Circular is effective, but they are likely to be removed from the list in the following year. Grants will be paid, within the limits provided, on their purchase during the calendar year indicated. Boards would be unwise to undertake the purchase of new sets of these books; purchases should be confined to the replacement of lost or damaged volumes for immediate use.

Where a school possesses a class set, in a reasonably good condition, of a book which has just been dropped from the list, it would be wasteful to discard the set if it is still considered useful. As reference books the volumes could be retained in the school for use until they are no longer serviceable or of value.

READING:

(In this issue of Circular 14, five series of Primary Readers have been marked as approved for purchase in 1959 only. In addition to the Canadian Basic Readers already listed, other series of Readers of Canadian origin and authorship are in preparation. If, in actual use, the books of these new series prove to be as good or better than the books which have been approved since 1950, and if the new books are satisfactory in other respects, the older series will ultimately be removed from the list.

However, schools should not discard Readers which are in satisfactory condition. In larger schools it should be possible to fill out any shortages by using the older books from one classroom to complete sets in other classrooms. The new Readers might then be purchased for one classroom. Even when the new Readers have been adopted the older ones should be retained in the classroom as supplementary readers until they are no longer usable).

SCHEDULE B

Books Approved for Permissive Use (Grades 9 and 10)

Boards may supply some or all of the books listed in Schedule B for the use of pupils. In 1959 Boards will be reimbursed for amounts expended in 1958 for text-books listed in Schedule B, permissive use of which has been approved, up to a maximum of \$3.00 per pupil of average daily attendance in 1958 in Grades 9 and 10. In 1960 Boards will be reimbursed for amounts expended in 1959 for text-books listed in this Schedule up to a maximum of \$3.00 per pupil of average daily attendance in 1959 in Grades 9 and 10. The attendance of pupils from other high school districts will be excluded from the calculations for the 1959 and 1960 reimbursement grants.

Books which are marked with an asterisk in these lists are approved for use in the year for which this Circular is effective, but they are likely to be removed from the list in the following year. Grants will be paid, within the limits provided, on their purchase during the calendar year indicated. Boards would be unwise to undertake the purchase of new sets of these books; purchases should be confined to the replacement of lost or damaged volumes for immediate use.

Where a school possesses a class set, in a reasonably good condition, of a book which has just been dropped from the list, it would be wasteful to discard the set if it is still considered useful. As reference books the volumes could be retained in the school for use until they are no longer serviceable or of value.
